DETAILED ACTION

1. The Amendment filed by Applicant on 07/21/2008 has been entered.

Response to Amendment/Arguments

2. Applicant's amendment and arguments filed on 07/21/2008 have been fully considered and they are found persuasive.

3. The rejection of claims 1-25 under 35 U.S.C. 102(b) as being anticipated by Redenbaugh, U.S. Patent No. 4,779,376 (hereinafter "Redenbaugh") is withdrawn.

4. The rejection of claim 1 under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention is withdrawn.

Claim Objections

5. Claim 15 is an improper objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim must be in proper format. See MPEP § 608.01(n). Accordingly, the claim 15 is not been further treated on the merits.

6. Claim 20 is improper because the claim is independent and mentions fifth and third polymeric material with mentioning a first, second and fourth polymeric material.

Claim Rejections - 35 USC § 102

7. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

8. Claims 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Redenbaugh, U.S. Patent No. 4,779,376 (hereinafter "Redenbaugh"). Redenbaugh teaches a method of derivatizing a polymeric material in encapsulated water, the method comprising: selecting a first polymeric material including encapsulating water, reducing the level of encapsulated water followed by treating the polymeric material. The resultant polymeric material has less than 10% wt. encapsulated water. See Redenbaugh, Abstract; col. 2, line 55 through col. 3, line 10; col. 4, lines 19-67; Table 1; col. 9, line 2 through col. 11, line 16.

9. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

10. A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
